

Fork Mounted Sweeper

Fork Mounted Sweepers - This accessory really makes industrial sweeping work a lot easier to accomplish. The handy forklift mounted broom is intended for use with either wet or dry material clean ups. It could push snow and squeegee water easily. This particular attachment is often used to clean debris from docks, parking lots, warehouses, construction sites and virtually everywhere it is needed. The lift truck sweeper is a low maintenance attachment that uses quick-tite blade products to easily connect to the lift truck.
